

Overview

➤ Introduction

- Interact.gsa.gov has recently undergone a site wide redesign to help improve usability and functionality
- To help aid in the transition, the Interact Leadership Team has designed this quick reference to highlight the major changes

➤ Home Page & Dashboard

- The redesigned home page is intended for new users to easily learn about what Interact offers
- Upon login, registered users will be taken directly to their dashboard where they will find a feed of relevant content as well as quick links to their groups, subscriptions, etc.

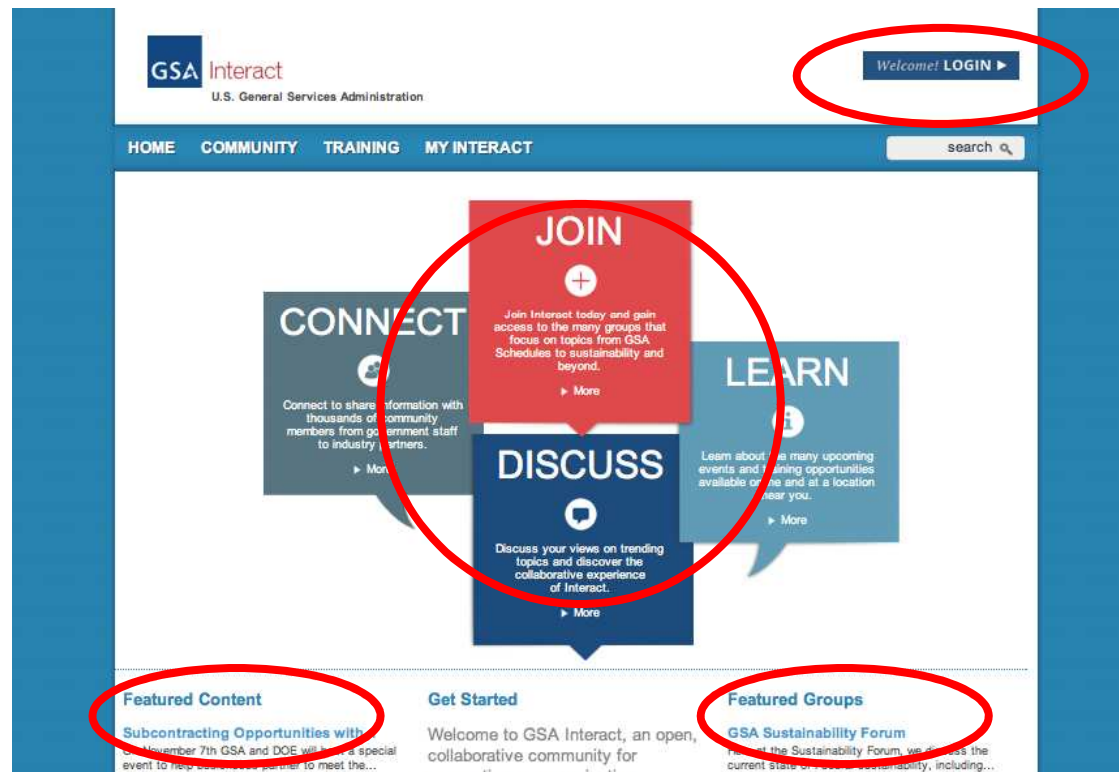

➤ Groups Home Page

- Much like the dashboard, each group home page now has a central feed to display the most recent activity within the groups
- Each group home page still shows the group's information, popular tags and newest members, which users will find on either sidebar

➤ Additional Information

- The following slides provide a visual reference to the key changes on the major pages within Interact
- If you would like to learn more about how to take advantage of the new Interact, please view our instructional video:

Group Home Page

The screenshot shows the GSA Interact website for the 'GSA Sustainability Forum' group. The page layout includes a top navigation bar with links like HOME, DASHBOARD, COMMUNITY, TRAINING, and MY INTERACT. The main content area is divided into several sections: 'Featured Content' on the left, 'What's Happening...' in the center, and a right sidebar with 'Group Info', 'Upcoming Events', and 'New Members'. Three red circles highlight specific elements: the first circle is around the 'Featured Content' section, the second is around the 'Group Info' link in the sidebar, and the third is around a post in the 'What's Happening...' section.
